

PAPER LOTTERY AUTOMATION

HOW TO TRANSFORM

INCREMENTAL APPROACH

- Existing retailers continue to sell without any change.
- New electronic ticket inventory is sold through POS.
- Does not impact existing jobs, increases job opportunity.

E-RECEIPT APPROACH

- Rides on strong conventional lottery legacy.
- Barcode of ticket is scanned to issue VAT receipt.
- Real time ticket sales known.
- No need for sales return, reduced inventory management.

FULL TRANSFORMATION APPROACH

- Increased efficiency.
- Reduced Costs on printing, inventory, logistics and sales return.
- Highly scalable; the business can be increased manifold without increasing manpower significantly.
